## 4. EOI (Effectiveness of Influence)

**\*\*Formula:\*\***  $EOI = (R \times C \times S \times F \times I \times L)^T$

**\*\*Parameters:\*\***

- **\*\*R (Reach): 100\*\*** — Daily social circle (friends, colleagues)
- **\*\*C (Cognitive Penetration): 0.3\*\*** — Weak, repeats others’ views
- **\*\*S (Structural Penetration): 0.1\*\*** — No impact on institutions
- **\*\*F (Frequency × Duration): 2.0\*\*** — Frequent, shallow interactions

- **I (Amplification): 0.1** — No organizational platform
- **L (Leverage): 1.0** — Lowest social tier, no leverage
- **T (Network Amplification): 1.1** — Minor effect from online echo

**Result:**  $EOI \approx (100 \times 0.3 \times 0.1 \times 2 \times 0.1 \times 1)^{1.1} \approx (0.6)^{1.1} \approx 0.53$

**EOI = 0.5 (Very Low)**

---

## 5. RUI (Reverse Unification Index)

**Formula:**  $RUI = CSI \times EOI \times \left(1 + \frac{|CSI| \times EOI^{0.1}}{10}\right)$

**Substitution:**  $= 5.5 \times 0.5 \times (1 + (5.5 \times 0.93) / 10) \approx 4.2$

**RUI  $\approx$  4.2 (Moderate Diffusion Power)**

**Explanation:** Even with low individual influence, large population size and meme consistency may form a strong collective assimilation force.

---

## 6. HCCI (Human Civilization Contribution Index)

**Formula:**  $HCCI = CHS \times RUI$

**Substitution:**  $= -1.7 \times 4.2 \approx -7.1$

**HCCI  $\approx$  -7.1 (Structural Negative Contribution)**

**Explanation:** This group, due to deep indoctrination and tendency to spread authoritarian memes, functions as a *structural infection host*. While often well-meaning, its overall contribution is negative from the perspective of global free civilization.

---

## 7. Structural Classification

Category	Status	Explanation
Functional Cell	✗ Not Present	FFI too low, lacks independent thought
Silent Cell	✓ Present	Adapts well socially, but not resistant or creative
Cancer Cell (Individual)	⚠ Partially Hit	High CSI × Low EOI → low-diffusion structural cancer host
Civilization Pathogen	⚠ Group Hit	Weak individuals, but strong group conformity, amplifies harmful collective behavior
